

Calf-Tel Pen System

The modular, cost-effective solution for indoor calf raising

The Calf-Tel Pen System is the most innovative pen system on the market. The Calf-Tel pen has all the advantages of the Calf-Tel calf-raising systems integrated into a cost-effective, expandable and management conscious system.

- Adjustable door and bucket height
- Easy to set up, configure, expand and sanitize
- Lightweight and simple to move – requires only one person
- System can interlock back-to-back and side-to-side
- Superior ventilation – standard adjustable rear venting
- Exterior feeding – easy access to feed and water
- Rugged, easy to use hardware – solid steel L-rods
- Free standing – does not require permanent installation
- Steel reinforced door frame – prevents sagging

Calf-Tel — We House Success

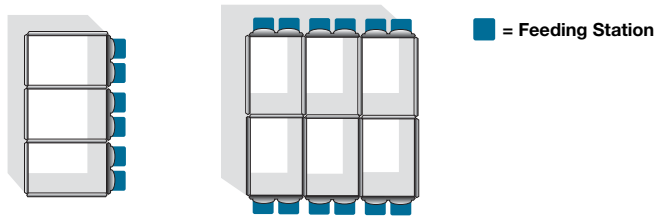

The industry's #1 choice for calf housing, indoors or out

Calf-Tel housing systems use a unique thermoforming process along with the highest quality polyethylene plastic to achieve unmatched strength, durability and longevity. Calf-Tel family of products offers calf raisers around the world simply the best and most cost effective system for raising healthy calves.

The most durable, longest lasting calf housing available. Calf-Tel hutches, made 27 years ago, are still serving American dairyman today.

No other calf housing provider in the world has this proven longevity!
